Bus travel to Springfield Central State High

Springfield Central State High is fortunate to have a well catered school bus and public transport bus zone. Currently Translink have contracted the services of Westside Bus Company and Park Ridge Transit to operate the school buses.

Contact details for both operators:

The Queensland Government, through the Dept of Transport and Main Roads, provide assistance to families via subsidised bus passes and a conveyance allowance. Go to the website below and see if you are eligible.

How do I get a school bus pass?
Visit the STAS website below and complete the application form that applies to your situation. The form is then taken to the local contracted operator and a bus pass will be issued once your details have been processed by the Dept of Transport and Main Roads.

We had a pass last year how do we renew?
Once you have successfully received your initial bus pass your details remain “registered” with the Department for the duration of the student’s time at the school. If the students residential details change or they leave the school you will have to reapply for assistance.

School Transport Assistance Scheme (Dept Transport and Main Roads)

Translink timetables for Public transport

What routes do the buses use?
The routes for the school buses are not made available to the general public for the safety of the students. You can contact the Bus companies directly and they will provide you with the details relevant for your area.

Each year the routes are planed by Translink, Dept of Transport and Main Roads and the operators based upon the distribution of the students registered for STAS. Parents must be aware that the morning pick up route may vary from the afternoon drop off route. If you have any questions, suggestion or concerns about the school buses please contact the operators as they are able to address your issues directly and are willing to work with the authorities to improve their service.
