Our school initiatives are showing substantial progress toward our targets

After reviewing our 2017 *Investing for Success* agreement, it is clear that we have made progress toward our targeted student outcomes. We will continue to focus on maximising the benefits of this funding for our students, and adjust our initiatives as needed to ensure every student succeeds.

Initiatives implemented include:

- Refined targeted and personalised individual case management of Year 11 and 12 students to ensure improvements in performance e.g. QCE attainment, LOA, OP 1-15 increase
- Identified at risk students using NAPLAN, subject results and school-wide Progressive Achievement Testing (PAT) to provide targeted and personalised learning for individual pathways
- Implemented case management of Year 9 students at risk of not meeting NMS in reading and numeracy
- Embedded attendance case management and wellbeing initiatives into Year Level Coordinator roles and the attendance officer.

Significant achievement towards targets include:

- Year 12 100% QCE attainment
- Year 9 students meeting National Minimum Standard (NMS) in NAPLAN numeracy increased from 97.9% to 99.6%
- Increased the percentage of Year 7-10 students achieving A-C levels of achievement (LOA) across all subjects from 93.63% to over 94%

Areas identified for further improvement:

- Student attendance to exceed 95%
- Increased percentage of students in the Upper Two Bands (U2B) of NAPLAN and increased percentage of Year 12 OP results between 1 to 5.
